Utility Closet Heaters

Winter's freezing temperatures should be behind us, so this is a friendly reminder to turn the heater off in your outside utility closet. The heating unit is located inside directly above the door.

We Need You!

One of the continuing challenges facing our community is finding and keeping our volunteer Board members so our Board is at full capacity. If you have considered volunteering but you're unfamiliar with the requirements or concerned you won't have the time; perhaps a bit more information will move you to reconsider.

Board meetings are held once a month via Zoom and last one to two hours. Our property manager, BCM is tasked with support work, and they provide the documents required for decision-making at the meeting; so, you'll also need a few hours to review these documents in advance.

We also encourage you to tune in to a Board meeting (3rd Wednesdays at 7:00 p.m.) to learn more. You'll find the meeting link on our website at (www.plazaatdunnloring.com). Email board@plazadunnloring.com with any questions or to volunteer.

Last month's Trivia answer:

Q-A grotesque of which pop culture icon was added to the Washington National Cathedral in the 1980's?

A-Darth Vader.

Unfortunately, we didn't get a winning submittal last month. Better luck in this month!
